

Good Afternoon/Evening

The Rising Stars AFL Team (WA's PREMIER AFL ACADEMY) are very excited to inform you that we are on the search for players who are serious about their football and have the discipline and the determination to be the best they can be.

We are delighted to announce that Term 4 programs are now open for enrolment. Our Rising Stars Program (open to any AFL Athlete) are on Friday Nights at Sacred Heart, Governor Stirling and All Saints College, and Saturday afternoons at McGillivray Oval in Mt Claremont. AFL coach Simon McPhee (Midfield Coach at St Kilda and former Claremont Football Club League Coach), has come on board - we are excited to have the most up-to-date modern football techniques and drills delivered in our program. Simon, along with Thomas Moscarda (State 15's AFL A/Coach), Michael Barton (State 12's AFL Coach), Sam Cavicchio (State 12's AFL A/ Coach and Head Coach at Governor Stirling School), our Ambassador Scott Lycett, plus AFL player guests, have all contributed to making this program so successful. Key milestones to date -

- First Academy in WA to have an AFL player drafted.
- First Academy to have a player make All Australian Under 15's AFL Team.
- 2 former athletes nominated for WAFL Colts Young Gun in the same week.
- Rising Stars AFL Academy had 14 athletes make Western Australian State 12's and 15's in 2018.
- The opportunity to participate in an AFL Draft Combine Testing morning (this is a separate cost of \$50) at ECU Joondalup.
- Report cards on every player highlighting their strengths and areas of improvement.

Rising Stars programs run throughout the Perth Metropolitan area North, South, East and West and are open for all athletes. **The Next Generation (Elite) Program** will be held at McGillivray Oval on Saturday for Years 3 & 4 and Sunday afternoon for Years 5 – 10. Boys may enrol for the Next Generation Program on the website and then will be notified of a trial date prior to the commencement of the program. Boys who are not to progress through to Next Generation after the trial will be guaranteed a place in one of the other programs at the venue of their choice.

Our dedicated team, who has an excellent track record of coaching and mentoring players making the State 12's, 15's, 16's or 18's, is dedicated in assisting your child to reach their full potential. Our programs have access to professional coaching and we also provide programs that focus on individual skill and game improvement opportunities. Providing players with the opportunity to train and develop (get ahead of their opponents) and play in a fun, enjoyable and safe environment. The program is designed to enable children to improve skill development and then puts this into game sense approach, develop confidence and game related skills while maintaining a healthy lifestyle.

If you require more information, please call 0438117260 or if you would like to register for the program please visit – www.risingstarswa.com.au or you can check us out on Instagram or Facebook.
