

National Sorry Day

National Sorry Day

Indigenous peoples, the oldest continuing cultures in human history were disrespected and their culture disregarded

They were mistreatment by the Early Settlers

Stolen Generations - this is a blemished chapter in our nation's history where innocent children were removed from their families

We apologise for the laws and policies of governments that have inflicted profound grief, suffering and loss on these our fellow Australians.

We apologise especially for the removal of respect for the Aboriginal culture and families.

Personally

I am personally sorry that the Indigenous people suffered and were mistreated

I am sorry that innocent children were taken and lost connection with their families and their culture

I am sorry that they were treated differently and made to feel not like they belonged.
